SØKTAS

CORAL DUO DOME
PENDANT

Designed and Handmade by Oliver Höglund & Ryan Roberts

Add a touch of sophistication to your space with the Coral Duo Dome pendant light. Its distinctive layered dome design transforms this pendant light into a modern art piece exquisitely tailored to elevate dining spaces, bedrooms, and refined office spaces. Featuring a hand-blown glass shade and two steel domes available in matte black, matte white or medium brown finishes, this pendant will set the mood of your choice of warm, warm white, or white LED temperatures. Meticulously hand-blown using premium Swedish clear glass, each disc carries the distinctiveness of SOKTAS Glass designs, promising an unparalleled and personalised lighting masterpiece that adds both elegance and character to your space.
Hand Made in Currumbin, Australia.

TECHNICAL DATA

Application	Interior Use Only Low Voltage (under 12v)	Input Power	100 – 240V AC
		Output Voltage	4V DC Driver (350mA Constant Current) Supplied with Remote Driver
Glass Colour	Frosted / Clear		
Steel Dome Finish	Matte White / Matte Black / Medium Bronze	Dedicated LED	2W – 350mA (Standard) Lifespan – 60,000+ Hours
Ceiling Mount	Matte White / Matte Black	`	CRI>90
Glass Dimensions	160 – 180mm (approx.)		
Dome Dimensions	450mm external / 260mm internal	Colour Temperature	2700K / 3000K (Standard) / 4000K
Suspension	1500mm White Cable / Steel Cable / Black Cable Longer lengths on request	Dimming	2W LED – Triac-Dimmable (Standard) DALI (additional cost) Please contact for other dimming options
Weight	1.5kg	Mounting	110mm Flat disc recessed ceiling plate Custom designed ceiling plate on request
Warranty	24 Months / 2 Years		
Certification	CE / AS/NZS – 60598.2.1

MOUNTING

### Installation Instructions

1. Prep the ceiling with an approx. 50mm hole to fit the transformer. Place the transformer in the ceiling and feed the cable through the hole into the room. Connect the single electrified cable to the transformer.

2. Screw the steel mounting plate to the ceiling using appropriate fasteners for the ceiling substrate.

3. Secure the magnetic cover plate onto the mounting plate.

*Push up the metal cable gripper on the mounting plate to adjust the cable length.
